Generate Perfect Content

Launch

Templates and Compliance

Instant access to high-end design templates

- Launch your Word and PowerPoint templates easily within Office
- Automated brand, disclaimers, language and other business-critical data guarantees compliance
- Manage business data via a single source so business information is always up-to-date

Note: [Forward Pitch](#) can manage your other Office templates

Generate Perfect Content

Build

Design and File Libraries

Search, preview, insert

- Forward Pitch simplifies inserting design layouts, pictures and graphics without needing to be a designer
- Build sophisticated results quickly using baskets, favourites and quick-start combinations
- Insert file-based library content using OneDrive for Business, SharePoint or your network for easy management

Note: [Forward Pitch](#) can connect to your precedent file library

Generate Perfect Content

Refine

Pitch-focussed Data Library

One content source for Word and PowerPoint

- Import targeted pitch content from the Forward Pitch Cloud data library
- Search, select and insert CVs and contacts. Build team and deal sheets in minutes
- Spotlight key deals, tombstones and case studies. Feature testimonials and awards
- Filter and search standard text by sector, specialism or language

Finish

Tune, Check and Publish

Intuitive tools to enhance quality and stay on brand

- Forward Pitch manages styles, colours, layout and structure with clear and easy-to-use ribbons in Office
- Import charts and tables from Excel, paste unbranded content from external sources to keep documents robust
- Stay on top of content accuracy with Forward Pitch's utilities and checking tools to publish perfect content

Note: [Forward Pitch can help convert legacy or unbranded content](#)

Generate Perfect Content

Generate Perfect Content

Mediasterling implements design-driven technology solutions via Microsoft platforms.

Our software and services help financial and professional services firms create accurate, high quality, branded content.

We can design within your brand or advise your creatives to deliver the best style, clarity and visual consistency from Microsoft Office.

Ease-of-use is intrinsic to our software. Your teams will generate perfect content from day one, with little or no training and within the familiar Office environment.

We integrate with your technologies and infrastructure for minimal change of work processes and IT impact.
